By signing the enrolment application, the Student acknowledges and accepts in full the terms and conditions contained in this Administrative Appendix to the General Regulations for Diploma Accademico di Secondo Livello (DASL) Programs as well as the conditions contained in all other regulations applied and applicable by IED.

This DASL Administrative Appendix cancels and replaces any previous version of the same.

The following information is provided in order to supplement and clarify the General Regulations Governing Diploma Accademico di Secondo Livello (DASL) (hereinafter DASL General Regulations).

I. ADMISSION TO THE PROGRAMS (REF. ART. 3 DASL GENERAL REGULATIONS)

ART. 1 ADMISSION TO THE PROGRAMS

1.1 IED reserves the right to assess and accept admission to the Program after having subjected the Student to:

- Evaluation of academic credentials;
- IED language test (if required);
- Admission interview, where the selected DASL Program is not a continuation of the Student's previous course of study.

In the event the Admission interview reveals shortfalls in preparation, other than those relating to language, the competent teaching structures may propose additional training and preparation activities for reaching a sufficient initial level of preparation. The amount for attending said activities is not included in the Program fee and is calculated at an hourly rate of € 20.00.

1.2 Students holding Academic Diplomas or university degrees, or equivalent foreign qualifications deemed suitable, as well as Students who have acquired Formative Credits in previous academic careers, provided that they meet the admission requirements for DASL Programs, may apply for matriculation with recognition of prior studies and a consequent abbreviation of their academic career, in accordance with Article 15 of the DASL Academic Regulations. The application must be submitted within the ordinary enrolment deadlines, in compliance with Articles 15.3 and 15.7 of those Regulations. The assessment of the previous academic career of a Student provides for the payment of the relative fee for the value of € 150.00, to be paid in advance.
In the event that the Student, having received a positive assessment from IED, decides to proceed with enrolment, the cost of the assessment fee will be considered as included and adjusted in the enrolment fee. An admitted Student is enrolled with the Academic Formative Credits (CFA) acquired and is obliged to pay the annual enrolment fee, the regional tax for the Right to Higher Education and the tuition fee calculated according to the following parameters:

- From 1 to 15 formative credits acquired: 12% reduction in the tuition fee;
- From 16 to 30 formative credits acquired: 25% reduction in the tuition fee;
- Over 30 formative credits acquired: 40% reduction in the tuition fee.

The percentage reduction on the tuition fee will be applied in full at the time of enrollment and first registration, regardless of the reference academic year for recognized educational credits. For transfers from other Academies or Universities, the procedure and deadlines set out in Article 31 of the DASL Academic Regulations and the provisions of Article 10 of this Appendix shall apply.

1.3 In the event that the Student is admitted to a certain Program year with credits to be acquired and needs to attend supplementary lessons, they must pay, in addition to the amounts set out in art. 1.2 above, an amount calculated on the basis of the number of teaching hours at an hourly rate of € 20.00. In the event that the Student has to sit supplementary exams, they must pay € 300.00 for every single exam.

II. MATRICULATION, ASSESSMENT OF EDUCATIONAL QUALIFICATIONS AND ENROLMENT RENEWALS (REF. ART. 4 DASL GENERAL REGULATIONS)

2.2 The apostille is a certification that validates, with full legal effect, the authenticity of any public deed at an international level. The cost of each apostille is € 300.00 plus current VAT, to be paid in advance.

2.3 For the sole purpose of recognition or access to IED's services, a badge or magnetic card is issued. The request for a duplicate of the badge or the magnetic card implies the payment of € 10.00, plus current VAT, to be paid in advance.

3.1 Upon completion of each course unit, a Student who is in compliance with the attendance requirements may sit the examination during the first three available examination sittings following the conclusion of the course. Each available examination sitting shall be counted for the purposes of the overall calculation, irrespective of whether the Student registers for or attends the examination.

3.2 A Student who has not acquired the Formative Credits relating to the course unit within the examination sittings referred to in Article 3.1 shall be required to sit the examination during the subsequent resit examination sittings made available by IED. A fee of **€300.00** shall be payable for each examination sitting assigned and communicated in this manner, no later than **7 (seven) calendar days** prior to the date of the examination sitting. In the absence of payment, the Student shall not be permitted to sit the examination. Failure to attend the examination or cancellation of the registration at the Student's request shall not prevent the examination sitting from being counted or remove the obligation to pay the relevant fee.

3.3 Where IED considers it necessary to make access to a resit examination conditional upon attendance of a remedial course, the Student shall be required to pay an hourly fee of **€20.00**, calculated on the basis of the number of teaching hours provided for the course.
